Saskatchewan Dispensing Fee Update

June 2026

Province of Saskatchewan

Effective **May 1, 2026**, the Government of Saskatchewan updated the maximum dispensing fee and mark-up allowances for prescription drugs. In recognition of this provincial government change, GreenShield has updated its reimbursement structure in alignment with these changes.

The maximum dispensing fee has been increased to **\$12.27**

As a reminder, in addition to dispensing fees, GreenShield reimburses pharmacies by means of mark-ups based on the cost of the medication. The mark-ups allowed are based on the following bands:

- Mark-Up Allowance :
  - 40% for drug cost up to \$6.30
  - 20% for drug cost between \$6.31 and \$15.80
  - 10% for drug cost between \$15.81 and \$200.00
  - Maximum mark-up of \$20.00 for drug cost over \$200.00

These changes have been fully implemented in the GreenShield claims adjudication system. No action is required from pharmacies at this time.
